SINGLE: the limbo years?

By Linda Dickens
Staff Writer

It's Valentine's Day. And possibly Cupid has neglected you this year. So you use up a box of *Kleenex's* and eat three chocolate bars over an episode of "Love Boat."

Or maybe Cupid has been at work, but has obviously blundered and paired you with a starry-eyed Joe or Jane Blockhead. No, you say, this just will not work.

Or maybe this year, you just don't care.

Dating seems to be made such an important issue on Trevecca's campus, but it is probably also the one that causes the most frustration.

You will often hear TNC girls declare in moments of desperation that they will become nuns (although I've yet to hear of a Nazarene convent). Guys don't tend to mention becoming monks, but do vow to "give up on women" or claim they'll "never understand women." (So who understands men?)

All this frustration seems to result from many unsuccessful attempts to avoid a state of "singleness."

Many young people have what another Elva McAllaster calls "hope-chest syndrome." They perceive singleness as a state of limbo in the transition to a "married" status.

In truth, singleness can be a very important time — time to get to know yourself, to direct your path toward a career, to straighten priorities, to cultivate friendships, to develop a strong relationship with God.

As writer L. Norment says in her article "Single . . . and Loving It!" which appeared in *Ebony*, "There are things that I do that have nothing to do with men. I sing, I write, I have a relationship with God. None of these are second-best."

Singleness is a time to pull your life together before tamping with someone else's. Being a strong, healthy, and whole single has a lot to do with becoming a good half of a good marriage. What is that they say

— a chain is only as strong as its weakest link? Not to say that a good mate won't complement his partner and help him to grow, but two neurotic, aimless people who enter into marriage are probably going to find things rough.

The subject of short — and long-term singleness is complex, and a lot more attention probably needs to be paid to it. As Elva McAllaster points out in his book, *Free To Be Single*, there is much help and counseling available for married couples; and for them there is always the last-resort option of divorce.

But who is counseling the single person? And what can he do — divorce himself when he is not succeeding at being single?

Mackey Library has several good books on singleness — look under "single" in the card catalog. Two excellent ones are *Free To Be Single* by Elva McAllaster and *One is More Than Un* by Debbie Salter.

So if there is no special Valentine in your mailbox this year, you might even count yourself lucky. (I know you won't believe me, and actually, I'd trade this article for a Valentine anyday.) But maybe this is a time, within God's will, to concentrate on yourself and the present.

Consider Debbie Salter's words:

"What a waste if in my dreams for tomorrow, all of today — all the praiseworthy things of today, all of the happiness-producing, contentment-filling gifts of God, found only in today — are lost because my thoughts are elsewhere."

Who you are now, with or without someone else, is of prime value. Happy Valentine's Day.

Sophs present Valentine's '83

By Beth Tucker
and Tom Felder

For many, especially ten young ladies, the biggest weekend of the quarter is here. It all begins tonight as those ten ladies compete for the title of "1983 Valentine Queen" in the annual Valentine Pageant sponsored by the sophomore class.

The pageant begins at 7:30 and will be held in the McClurkan Auditorium. Admission is \$3.00.

Tomorrow night the sophomores will present the second half of the weekend's festivities

Elaine Jones models one of the many bridal gowns in the Civinette/Sigma Second Annual Bridal Show. See page three for more details.

at Maryland Farms Racquet and Country Club, site of the 1983 Valentine Banquet. Singer and songwriter Gary Chapman will be the featured entertainment for the banquet which begins at 7:00 p.m.

According to Tim Foster, sophomore class president, the combination of facilities, menu, price and entertainment should make this the "best weekend anyone can remember."

Helping to make this a memorable weekend are a host of workers. Dee Metcalf is responsible for decorations and she will be primarily working

on making the stage look as nice as possible for the pageant tonight.

Kelli Bowman and Robbie Little are coordinating the pageant itself and are being assisted by several others. These include: Claude Perhealth, Chairman of Programs and Tickets Committee; Angela Smith, Advertising; Jonathan Edwards, Building, and Wayne Eby, Sound and Lighting.

Dale Cleckner is responsible for the banquet facilities and Daryl Murray heads the Entertainment Committee.

Colleges trying unusual ways to raise extra money

(CPS) — The campus of Park College in rural Missouri happens to cover over 800 acres of rich limestone deposits. Soon, officials plan to mine and sell the limestone, and then lease out the excavated caverns as underground warehouse and office space.

The scheme may sound odd or even far-fetched, but administrators at Park don't have much choice. They say it's the best way they have to make up

for federal and state funding cuts the school has suffered over the last few years.

Colleges everywhere are resorting to schemes and somewhat-eccentric strategies in this, the third year of a prolonged depression in college revenues.

Georgetown, for example, is going into the energy business. Brown has jumped into the mail-order business, peddling gifts ranging from \$10 to \$10,000 in a special "pull-out

catalogue" alumni newsletter section that might make Romco proud.

To some, particularly in the Reagan administration, all this is great news.

"Colleges are coming up with all kinds of ways to replace money they have lost from funding decreases," exults U.S. Dept. of Education spokesman Duncan Helmrich.

Such creativity in getting money is "proving that a lot can

be done, as President Reagan said, when you put your mind to it," he asserts.

The president, of course, has argued that colleges have been too dependent on federal support, and that once cut off, they'd find some new ways to support themselves.

"I don't share the view of some that the cuts being made in higher education will bring about disaster," agrees David continued on page 2

news

Music Department records first album

By Erica Gaebler
Staff Writer

The music department of Trevecca Nazarene College produced a record recently. Mr. Pleais Hampton was in charge of making the recording with EVENING LIGHT PRODUCTIONS of Nashville as producer. The recording will be released March 15, 1983.

The recording is being made to expand Trevecca's ministry. It's purpose will be to introduce the band and the choirs of the Music Department to the people. The recording will also be used as a gift of appreciation to the pastors across the educational zone for their support of Trevecca.

Groups used in making the recording are Ambassadors, Concert Choir, Treble Tones, and Concert Band. The student body singing four beloved hymns during a chapel service is also included.

Hymns from the chapel service used on the record are "O God, Our Help in Ages Past", "And Can It Be", "To

God Be the Glory" and "Wonderful Grace of Jesus".

Concert Choir, directed by Mr. Walter Heck, recorded "Psalm 103" and "Holy Lord".

Ambassadors, directed by Mr. Fred Mund, recorded "Salvation is Created", "De Animals A-Comin'", and "How Rich I Am".

The Treble Tones, directed by Miss Mary Bates, recorded "Swing Low Sweet Chariot", "Come, Thou Fount", and "I Will Arise".

Concert Band, directed by Mr. Stephen Farnsley, recorded "A Mighty Fortress Is Our God".

The recording was made at College Hill Church of the Nazarene in Nashville, Tennessee. The front cover of the record features a group of students on the porch of McClurkan. The back cover has a picture of each choir and the band, with a write up about each one. The total cost is \$4,600 for the recording and the project is expected to pay for itself.

Hampton said, "I'm excited about the album. It's a good

quality production and I think it will help the college (in) it's ministry to the people on the educational zone thru music. It will have a very positive impact on our people over the zone. I think it will also be a good recruitment tool."

This recording is different from other recording's the school has made recently because it is the first time all of the choirs, the band and a live

chapel song service were included on an album. The recording will be sold by the choirs and band during the

spring break tours. The recording will also be made available to students on campus at a selling price of approximately \$5.00 for the record album and \$6.00 for the cassette tape.

Unusual ways . . . from page 1

McKinney, financial affairs vice president at the University of Idaho.

"We've got to get the federal deficit down, and we've all got to tighten our belts a little. A lot of people in higher education are blowing smoke," he adds, "but there's still no fire."

But few of McKinney's colleagues seem to agree. "The big question is whether we are dealing with a short-term or long-term problem," notes James Mingle of the Southern Regional Education Board and author of several books on colleges' retrenchment.

"Colleges and universities have had a long period of financial sources not keeping up with inflation and expenses," he says. "In a lot of institutions, there's no fat to trim. It was gone long before the current Reagan-induced recession."

College enrollment falls nationwide

WASHINGTON, D.C. (CPS) — A new headcount suggests that college enrollment fell this academic year after all, according to preliminary estimates released by the National Center for Education Statistics (NCES).

In September, NCES predicted a slight increase in student enrollment, but they now say there was actually a decline. The study also shows a decline in the growth rate of female students and in the number of part-time students, which colleges had hoped would make up for expected decrease of regular students due to the population decline and student aid cuts.

Schools can and are selling off land, building windmills, holding telethons and escalating appeals for contributions from businesses to raise money, but they can't keep doing that forever, Mingle says.

"There is a limit to how many different, long-lasting ways a school can come up with extra income," he concludes.

"The competition for the corporate dollar is getting stiff," agrees Bob Graze of the Independent College Funds of America. "The expectations of what the private sector can do are too overrated."

"Overall, private giving cannot take the place of federal and state funding," concurs a spokesman for the Council for Financial Aid to Education.

Although private giving to colleges has increased 20 percent over the last several years, more schools may be getting less individually. "The entrance of public schools into the arena (since the federal funding cuts began in 1981) has made it very, very competitive," he says.

The scrambling for money, moreover, has helped some colleges recoup budget cuts, but hasn't allowed them to move forward.

By making faculty and staffers accept salary freezes and mounting an aggressive fundraising campaign, Springfield College in Massachusetts has managed to scrounge enough financial aid oney to bring aid availability to its students back to what it was before the Reagan cuts.

"All our efforts are to offset losses," says Joseph McAleer, Springfield's public relations officer. "Obviously we won't have the resources to offset the

government funding cuts forever. I just hope we don't have to find out when that is."

The losses have indeed been substantial. The American Council on Education figures the federal student aid budget alone has suffered a real decline of 23 percent since Reagan took office.

Colleges have suffered even more damaging cutbacks in state funding. Twenty-four states slashed budgets during the last fiscal year because the recession choked off the tax money it normally collects, according to the National Conference of State Legislatures.

With nowhere to turn for help, then, the schools have been feverishly trying to turn necessity into invention in fundraising.

St. Andrews Presbyterian College, for example, leased out 10 acres of land to a shopping center, sold 40 to a hospital, and is readying more land for sale to private residential developers.

Stanford, Princeton and the University of Dallas have also sold land to generate income.

The University of San Francisco is building a "windmill farm" to save on energy, while Dakota Wesleyan fired salaried support workers and hired cheaper student workers to take their place.

Brigham Young has asked faculty members and workers to contribute money to the university through voluntary salary reductions.

Texas Wesleyan is trying to attract donations with celebrity golf tournaments, while Texas Christian does it with "phone-a-thons."

Bridal Penthouse assisted in the Bridal Show with technical advice and exhibits.

Wright, presidents make plans for conference

By Carol Barnard
Staff Writer

On April 28, 29, 30 Darrell Wright, ASB President, along with others, will be meeting with student leaders from other Nazarene colleges at Point Loma College for the Nazarene Student Leadership Conference.

He recently attended a steering committee with Student Body Presidents from various Nazarene colleges including all

of the colleges in the U.S., Canadian Nazarene College and the Seminary. During this meeting, they set up the agenda for the conference in April. They also met with David Best and Dale Fallin of *One Magazine*, who use the committee as an advisory board so that they will know how to best serve Nazarene college students.

They also had a report on Greenlake '82 and reviewed proposed changes in the NSLC constitution.

Those who will attend the conference in April include both the old and the new SGA presidents. Others who will be attending from Trevecca include the ASB executive vice-president, the religious life vice-president and the dean of students. Lay leaders and general leaders in the church will also be involved.

A variety of activities go on during the conference including all members getting together in small group sessions and, of course, meeting on a one-to-one basis, which occurs mostly at night.

The student leaders have a chance to share what is happening at their colleges and get ideas from other colleges. One thing that Trevecca will be able to share is its community outreach program (Project JOY).

The conference gives the schools a chance to share ideas about solving problems and

many other things. It strengthens relationships between students and administrators as well as between the colleges.

The main goals of NSLC, as set forth in their constitution are as follows:

1. To promote greater unity among Nazarene Colleges and students and loyalty to the cause of holiness as set forth by the Church of the Nazarene.

2. To promote academic excellence in accordance with the highest ideals of the Christian commitment.

3. To promote student responsibility in the establishment and maintenance of student spiritual life.

4. To promote opportunity to share ideas, problems and solutions as related to student life.

5. To define the role of student government in terms of the total program and purposes of the Church of the Nazarene.

6. To encourage responsible Christian citizenship.

7. To better understand and strengthen student administrative relationships.

8. To provide orientation and training for new student leaders.

9. To provide opportunities for dialogue between student leaders and administrative leaders of the Church of the Nazarene.

The NSLC also has a special project each year. Last year it was the Nazarene Hunger and Disaster Fund and could very well be the same this year.

Civinettes, Sigma present Bridal Show

By Donna-Jeanne Gray
Staff Writer

The Sigma society and the Civinettes sponsored a Bridal Show on January 25 in cooperation with the Bridal Penthouse of Nashville. The show took place in the Trevecca gymnasium and featured the latest in bridal gowns, bridesmaid dresses, special occasion dresses, tuxedos, and other formal attire.

Each of the two clubs used twenty girls to model the gowns. Two mothers, Mrs. Brenda Egnor and Mrs. Barbara Jones (pastor's wife at Grace Church of the Nazarene) also modeled along with one father, Rev. Charles Jones,

pastor at Grace church.

Eight guys were used to model the tuxes. This was a new segment of the show this year. Carla Scott, president of Sigma, said, "It goes to show that the guys can strut, also."

The Bridal show offered good entertainment. Kitty Waldrip and Paul Jones performed a skit. Monica Scott and Dean Bushnell sang a duet. Mr. Keith Showalter, Minister of Music at Grace church, sang a solo. Also, there was a flute and guitar duet, as well as a string quartet.

Gifts were donated to the show to be given away as prizes. Castner Knott, Joy's Florist, Jeanette's Hallmark,

and various restaurants were the contributors.

There were also four honeymoon packages given away. Sandra Odom won the Maxwell House package, Lori Morsch won the Hermitage package,

Cathy Burke won the Hyatt Regency package, and Rana Thompson won the Marriott package.

There were also many exhibits including Photography by Mitch Karam, cosmetics by Mary Kay Cosmetics, and the Bridal Penthouse.

The Bridal show was sponsored as a benefit for Tennessee Preparatory School.

Outstanding Young Women of America

Speth achieves honor for college and state

By Vicki Jenkins
Staff Writer

The next time your heater is not working right and you have to call maintenance, do not be surprised if a celebrity answers the phone. This famous person walking on our campus is Miss Debra Speth.

By now you are probably wondering why Miss Speth is so special. It is because she has made the list of *Outstanding Young Women In America*.

Since Debra graduate from Trevecca in 1981 with a B.S. degree in History and Political Science she has been very busy. One of the major things she has

done is her involvement with the Tennessee Intercollegiate State Legislature. This is her fifth year in TISL and she has so far played a major role by serving as a senator, legal representative, and being a clerk in the house of representatives of this organization.

She also serves as a small school caucus coordinator. In doing this she has helped to keep things in order and running smoothly.

TISL is used to show an assembly of people composed of delegates from each state what our government is like and how to prepare and write bills.

As a result of her involvement with TISL, Miss Speth received her nomination for *Outstanding Young Women In America*, and she will be having an interview with Governor Alexander to prepare a documentary.

In addition to her work with TISL, Miss Speth has been very much involved at church, with quizzing, and NWMS. She has also been a disc jockey and is a member of TMA. Her future plans include becoming a paralegal.

Outstanding Young Women In America chooses only one woman from each state and picks only those who contribute important things to schools, home, or the country.

To V.L.L.
Thank you for sharing a part of your life with me. I hope and pray the Lord will keep us together because I truly love you!

TSF

Happy Love Fun.
To: Sherrie, Lisa, Bubba, Spense, Wanda, I.S., Charles W., P.G.
From the Phantom

Gregg,
Happy Valentine's Day to the best sweetheart ever! Thanks for being the best sweetheart ever! Thanks for being everything I ever wanted... including my best friend.

I love you, Darla

Happy Valentine's Day to not only the most wonderful person I know, but also my best friend! Thanks for always sharing, caring, and loving!
Your fiance, Becky

Daryl,
Sweetheart, you are the love of my life. Thanks so much for three beautiful years. Happy Lovers Day!
I love you, babe, Leslie

Ann Jared,
I love you!!

Anonymous

Beck, Deb, Pam, Viv.
Thanks for all the laughs, fun and sleepless nights. You are all great! For each of you, and your men, Happy Lovers Day! Have a wild one Eunice!
Love you all, Les

To Brenda Dayne,
You are missing out on the "Best Man!"

Love Ya, "Best Man"

To Hovering Plague,
I get a kick out of you but remember you'll get yours.

Creeping Doom

Robin Starr, R.A.,
Robin, you give new meaning to the words R.A.

Your roommate

Kent,
You're the best R.A. I ever had. You're also a good friend. Keep up the good work.

E.T.

Dear Friends,
If you find a friend you love, wishing upon a star
Tell that friend I love you so, just the way you are
This ole world needs more good friends like you

To lend a helping hand, to pick me up when I am
Down to try and understand.
Faith, hope and love — these three are all we need to live

A life that's free from loneliness — a life that's willing to give — I know a friend who long ago gave up His
Life that we may know the love that was always

Meant to be shared between friends like you and me.

Love, Rick

Polly,
I thank God for allowing me to share in a part of your life. I will always remember our times together.

Mark

H.M.,
Thanks for letting me say "Happy Valentine's Day" a second time. I love you and I still think that TDAF.

T.

Dear Lloyd,
To the world's most wonderful husband. Happy Valentines!

Your friend, Jeff

For Princess Diana.
Beauty can be defined in so many different ways. To one it might be a sunset reflecting a mountain pool, or, for another, it could be the wind whispering through the leaves. For some, beauty can be something as inconsequential as a painted canvas or a chisled piece of stone. Still, for someone else, it might be the joy felt in living. Beauty can be this and so much more, but none of it compares to the true beauty I'm coming to know as you.
Sincerely, Rudolph

editorial

editor's point

Who Cares?

In the past few years (especially since the 1980 general election) there has been a debate as to how involved Christians should be in the politics of our nation. The basis of these complaints has been our country's policy of separation of church and state. However, does that policy mean that Christians should not attempt to apply their beliefs morals to the running of our government and the making of laws.

It seems as if our nation, finding prosperity and position, has come to believe that it can put God and morality on the back burner.

Personally, I don't think that the church and state should be partners, but why shouldn't there be a relationship between morality and our government.

On the whole, Christians have stood around for years while prostitution, drug abuse, casual sex and abortion have flourished. Now we complain about these things, but what are we really doing about it.

If the mafia, businessman, labor leaders and politicians can use our political system to further their ideals, why can't Christians work for a decent and honest way of life and laws that will guarantee that.

If homosexuals, secular producers and others can use the media to glamorize their way of life, why can't the church take advantage of the technology available to show the world that our God can make a difference in their lives.

Why can't we Christians stand up for *our* rights and try to make the world safe and clean for our children.

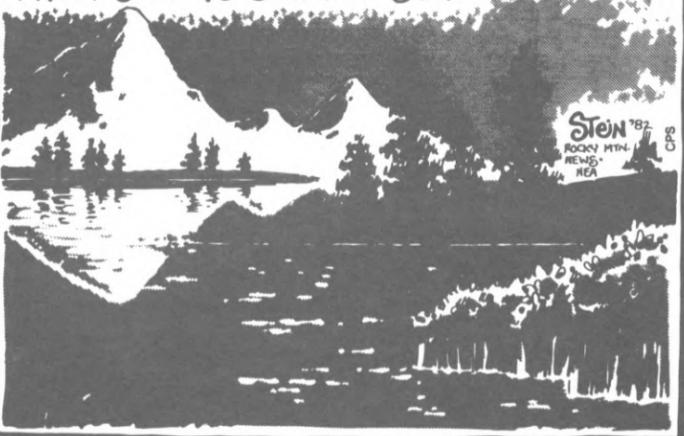

This week we have been asking ourselves the question, "Who cares," in regard to world hunger, social justice and abortion. We can also ask that question about other issues such as the nuclear arms race and prayer in the schools. These are issues that we, as citizens and Christians are going to have to face.

You will have to answer those questions yourself, but if the problems of this world are ever going to be solved, someone has got to care.

Tom Felder

At Issue: Is the TIA Council doing its job and "Private Eyes"

Dear Editor,

I am writing this letter to air my opinion of T.I.A. and the poor performance of the council this year. It is amazing the amount of disinterest in the sports generated thus far. It could possibly be apathy among the students but I tend to believe it to be incompetence at the peak of the hierarchy. This then has the famous "trickle-down effect" on everyone else producing a stupor that makes T.I.A. sports unorganized, tiring and generally, no fun.

Have we not suffered enough? To show some instances of inadequate leadership we look back one quarter. Football was fair but handled by those that should not have had to do all the work. Practices became a joke due to the lack of prodding by the T.I.A. V.P. or the society Reps to organize the practices better. Statistics on the games made for a good laugh later in the week and the lack of knowledge of the game evoked worry among the players as to the future of the program.

As for volleyball, we became so mired down by poor scheduling and participation that it was postponed to this quarter. Participation is still poor even though we have it on a set night. So what gives? No one seems to know.

Basketball is now upon us. It is a little more efficient but the lack of communication, which seems to grow worse as the weeks go by, is becoming evident. To prove the point, in a recent Alpha vs. Faculty game, three Alpha men showed up to play. You ask why not more? Well, I asked the same question myself. When I inquired as to why such poor turn out had occurred, I was told it had been announced in chapel that day. Therefore, it was assumed we would have enough players.

This shows a lack of communication when there should have been plenty of it. There was no *Announcer* notice, very little verbal notice, and absolutely no advance warning. This communication gap seems to be the forte of the T.I.A. this year. Also, what happened to the nine game schedule?

I regret that I must be so harsh and critical but something has got to be done. T.I.A. council meets and dismisses within thirty minutes and we know you cannot have healthy discussion of issues in that length of time. Due to the inadequacies of the ruling body, one member of the council resigned and many students do not get involved in the programs. This is a shame but unless we have strong leadership then participants, whether on the council or just students, will maintain an apathetic and lethargic outlook.

The time has come to take a long look at our election system. Maybe we should let the coaches hire the T.I.A. V.P. and by doing so eliminate such problems as have been previously mentioned. A hiring of responsible people could occur and the firing of irresponsible ones. This could be done with a safeguard against tampering by having the Executive Council of ASB approve the choice for V.P. of T.I.A. Who knows, it just might work. The Reps could be elected by the society they represent but a solid nucleus would now lay in a *qualified* person (male or female).

Must we continue to spin our wheels the rest of the year or will there be a prompt improvement? I believe improvement can occur only if the V.P. of T.I.A. faces the problems squarely, works at solving them, leads the T.I.A. council

seriously and takes to heart the requirements of the post held. If not, I see nothing but a crumbling intramural program and a lack of interest and fun in sports.

To all this, I have to ask one question. What are we going to do?

Timothy M. Blanton

Dear Editor,

I am writing in protest and disappointment over something that happened last week.

Last Friday night I, and many others, went (and paid money) to see "Private Eyes," sponsored by the Junior Class. It was a good movie and well worth the time and money — almost.

It was announced to us, just prior to the beginning of the movie, that the sound on one of the three reels was slightly bad, but that was okay because the Junior Class got a discount on the movie. (As it turned out, the picture on that reel was bad also).

I have two complaints. First of all, since the Junior Class officers knew beforehand that the movie was defective, why didn't they let everyone else know *before* that night.

Secondly, I question whether we should have to pay a full price for a defective movie, when they were getting a discount themselves.

It is true that one dollar is not that much for a movie. But, on the average at TNC, that is the top price most organizations charge for a movie of that caliber (without the defect).

Also, I know that they would risk losing money by charging less, but you take a risk by showing a movie anyway.

I enjoyed the movie but I continued on page 7

Surprises in the Sports World

Over the last couple of weeks a few surprises have popped up in the sports world. The most recent being the World Champion Redskins.

The strike-shortened season hurt many teams like the Pittsburgh Steelers and the Buffalo Bills, but it also helped a 0-4 team take the championship trophy.

How did this happen? Well, while a lot of players were living it up at the beach or golf course during the strike, the Redskins were in the "hog" pen in the mud. I am not saying that the Dolphins were not practicing, but that the 'Skins and "Riggin-omics" dominated the game. (Yes, Bill, I know I said Miami by 4, but even I can admit I was ----).

How about the return of the University of North Carolina Tarheels to the number one ranking on the NCAA poll. I may be prejudice, but all I can say is "How 'bout them Tarheels."

Everybody thought the 45 second shot clock would kill Dean Smith's 4-corners, but what about the fifth man. That man is Michael Jordan and who can stop him? If you do, who will stop Perkins? To beat the Tarheels you must stop all 5.

However, the 18-0, University of Nevada-Las Vegas players may have something to say to the 'Heels.

This may be sac-religious, but here are my picks for the NCAA Championship:

1. Virginia
2. UCLA
3. N. Carolina
4. UNLV
5. Indiana

Finally, for the biggest surprise. The death of the greatest football coach to ever live, THE Paul "Bear" Bryant. Even though I was not a fan of Alabama, I did have respect for the "Bear."

I knew he was good but how good was he? How good could he have been? We will never know, but, as one fan said, "God really needed an offensive coordinator," I love ya, Bear. You made a believer out of me.

If you don't like what I have said . . . Good day!

G.T.

Trojans stay in battle for VSAC title

By Gregg Tulowitzky and staff reports

Trevecca, after beginning the year with three straight victories, lost two in a row, but came back to win 8 straight.

Bethel, the team that knocked Trevecca out of the VSAC and District 24 playoffs last year, and Belmont handed the Trojans their first losses of 1983.

However, Trevecca bounced back to win eight in a row, including 6 VSAC games.

Bethel 76, TNC 69

Trevecca trailed Bethel by 11 points, 60-49, with 8:45 left in the game. Then the Trojans came storming back to within one, 69-68, and 2:10 left. However, a foul and a turnover saw Trevecca quickly down by five and they did not recover. Melvin Taylor led all scorers with 23 points in the loss.

Belmont 73, TNC 67

Eighteen turnovers proved to be the Trojans downfall as they suffered their second loss in a row. Trevecca held a two point lead at the half, 39-37, but they were unable to hold it as Belmont took the lead midway through the final period.

The Trojans grabbed the lead one more time by a point with 2:10 left, but a crucial 3 point play and a missed shot on the ensuing play sealed their fate.

Trevecca was led by Alexander with 18, while Taylor had 16, and Williams 13. Suddeth contributed 10 rebounds.

James Baker returns to action after injury.

TNC 107, Lambuth 78

For the sixth time this season the Trojans went over the century mark as they completely dominated the Eagles. Trevecca jumped out to an 11-0 lead in the first four minutes and never looked back. Featuring an excellent transition game, the Trojans put points on the board easily.

Eleven players scored, led by Taylor with 26, Alexander, 17; Williams, 15; and Bell, 14. Suddeth grabbed 9 rebounds and Stivers returned to action (after being sidelined for 5 games with an ankle injury)

scoring 4 points, bringing down 7 rebounds and dishing out 4 assists.

TNC 75, Freed-Hardeman 73

In a storybook ending the Trojans pulled out a big road victory over the Lions. Trevecca trailed most of the way but chipped away at a 12 point deficit until Melvin Taylor's short jumper tied the score 73-73, with 56 seconds left. The Lions held the ball until taking time out with 10 seconds left, to set up a final play. But, Freed-Hardeman took the inbound pass and committed a foul to give the Trojans the ball.

Alexander then took the inbounds pass and scored a layup with 3 seconds remaining, to give Trevecca the victory.

Taylor led all scorers with 25, while Williams added 18, Bell 13, and Alexander 10.

TNC 76, CBC 71

The Trojans were in control most of the way as they defeated CBC for the second time and knocked the Buccaneers out of first place in the VSAC West. Reggie Suddeth sustained a knee injury in the first half and freshman Tim Bell filled in, scoring 17 points, including 9-10 from the free throw line.

Taylor led the Trojans with 22. Williams also had a great game scoring 21 points (including 100% at the free throw line), 7 rebounds and 5 assists.

TNC 91, Bethel 79

The Trojans overcame a poor

first half and a 3 point half-time deficit (44-41) to grab VSAC win number six. Lwayne Jones had his best game of the year with 15 points and 10 rebounds.

The potent offense saw five players in double figures, led by Taylor with 26. Alexander, Jones and Williams threw in 15 apiece and Bell contributed 10.

TNC 112, Phillips 93

Career-high performances by Melvin Taylor and Tim Bell led the Trojans past the Patriots. Taylor scored 35 points, while hitting 10-16 from the field and 15-15 from the free throw line. Bell hit 30 points and added a season-high 15 rebounds.

As a team the Trojans shot 64% (43-67) from the field. James Baker added 13 points and 14 rebounds and Williams

and Rippy had 11 each.

TNC 61, Union 54

The Trojans hit their first 13 shots of the second half on their way to the victory over the Bulldogs. The second-half surge brought the Trojans from a 28-24 halftime deficit.

Trevecca finished the game by hitting 15 of 18 shots in the final period, after a poor 36% in the first half.

Taylor continued his offensive exploits by scoring 24 points, while Bell added 14 and Alexander 13.

'Dear Ruth' coming soon

By Scott Adkins
Staff Writer

The upcoming production of 'Dear Ruth' will display not only the many talents of the cast, but also the talents of first time director Becky Clem.

(Clem was seen last quarter as Edith Frank in "The Diary of Anne Frank.")

On the weekend of February 24-26, the Janusians will present the two act play, "Dear Ruth." The tickets will be \$3.00 and curtain time will be 8:00 p.m.

every night in McClurkan Auditorium.

This play is the product of six weeks of long practices for perfection of the performers and their roles. Although this takes up a great deal of their time, most would say that the end results are worth the hard work.

The setting is the living room of the Wilkins' home in Long Island during World War II. It's a story of a family and their struggles to help their American soldiers through war time. The cast consists of some skillful and noteworthy people.

Portraying the part of Ruth Wilkins is Debbie Moore. Moore is a freshman from Denver, Colorado, majoring in Speech Communications.

Ward Williams plays Lt. William Seawright. Williams is a senior Business Administration major from Leewood, Kansas.

Tim Haynes, who plays Sgt. Chuck Vincent, is a senior from Florence, South Carolina, majoring in Youth Ministries and History.

The role of Mariam Wilkin-son will be played by Judy Blowers. Blowers is a junior

majoring in Speech/English Education from Canroe, Texas.

Diane Douglas plays Mrs. Edith Wilkins. Douglas is a freshman from Georgia majoring in pPerforming Arts.

Mark East, who portrays Douglas' husband Judy Harry Wilkins, is a junior from Kentucky majoring in Religion.

Kim Finch plays Martha Seawright. Finch is a junior from Franklin, Ohio majoring in Creative and Performing Arts/Broadcasting.

Harold Knabbermeyer is played by freshman Dink Nolan. Dorcus Smith is playing

Dora. Smith is a junior majoring in Secretarial Administration and Business Administration from Memphis, Tennessee.

Albert Kummer is played by Philip Kraig. Kraig is a freshman Computer major from New York.

Although this is Clem's first position as director at TNC, she is going at it with full speed. One member of the cast describes her as a "demanding perfectionist" and yet "to be chosen to work with her is an honor and a pleasure."

HALF WIT

with Jenny

My dear Valentine mutants — have you ever wasted 2 bucks on a Valentine for someone who later wouldn't give you the time of day? Well, here's a Valentine poem to send to that special someone:

Valentine, Valentine
Would you do me one big favor?

Try wearing some cologne
With not so much
BIG FLAVOR.

I know your mother bought it
She knows just what you like,
But baby, that AROMA,
Puts me in a COMA;
It reminds me of an ocean-water PIKE.

Valentine, Valentine
Put that sword back in the SHEATH!

I'd rest a whole lot easier
If this YEAR you'd brush your TEETH!

I don't mean to be rude, honey
(yes, I know that you forget)
But for damage done to AT-

MOSPHERE
When the breath of you gets near
I'm surprised ENVIRONMENTALISTS
haven't phoned you yet.

Chorus:
Valentine sunshine,
Valentine moon,
With you around to gag us all,
We never need a spoon.

Valentine, Valentine.

This world's a bitter place,
But it would look much beter,
If you'd just bag your face.
Don't worry about the rest of you,

(they don't make bags that size)

But just your head,

Could scare the dead,

The rest could feed all

Bangladesh
pork-pies.

Happy Valentine's Day!

THEODORE AND
MINNIE E. LUDWIG

Theodore and Minnie Ludwig were saved early in the life and called to preach. The contrast in Theodore and Minnie's personalities attracted a great number of people to their revivals. He was reported to be more of a teacher and administrator, and she a fervent, stirring preacher. By the end of their long careers Minnie had preached 8000 times and Theodore over 9000.

The Ludwigs were two of the Church of the Nazarene's Pioneer Evangelists. Long rides in the saddle, sleeping under the stars, and tent meetings lighted by kerosene lamps were the order of the day.

Some aspects of ministry have become as dated as the circuit rider on horseback, but many aspects are timeless. Nazarene Theological Seminary prepares men and women to share and demonstrate God's timeless message, "I will heal their waywardness and love them freely."
